

PRODUCT FEATURES

- Active noise-canceling (ANC) microphone uses acoustic mic technology for superior performance with desktop speech-enabled applications
- Dual functionality - Use either as a hand-held microphone for speech dictation or on the desktop stand for multi-party conferencing
- Three position selector switch: Near Field (hand-held), Far Field (desktop), or Mute
- Microphone windsock minimizes breath popping
- Extra-long shielded cable with 3.5mm single plug

PARAMETER	VALUE
Microphone	
Noise Cancellation	6dB/Octave
Frequency Range	100-10,000Hz
Impedance at 1kHz	650 ohm
Electrical Signal-to-Noise Ratio	60dB
Sensitivity at 1kHz (0dB = 1 V/Pa)	-28dB
Current Consumption	0.800mA

ANC Dual Mic Design

3-Position Selector Switch
